Our school is participating in the CSP (Community Software Plan) featuring great value bundles of the newly released **Maths Made Easy** series. The CSP is also introducing bundles of many of the titles previously featured with great savings of up to **85% off retail price**. Many students at our school have benefited from EdAlive software in the past and this year the savings are even greater! Please consider making an investment. As part of the CSP our school will receive a **FREE Unlimited School Site Licence** for the Ed Alive software title of our choice. If lots of parents support the CSP programme we will also receive a **FREE school edition of Maths Made Easy**. Please return your orders to the school by **Friday 21 May**. Leaflets accompany this newsletter.

PARENT HELP NEEDED IN THE READING BOOK ROOM

Parents- Can you spare a little time to put books away just before school, just before school ends or after school? We can offer training for new parents. This is such a great help for teachers because it gives them more time to plan exciting lessons for our students.
