SWINE FLU PANDEMIC: PLANNING FOR SCHOOL BREAK/RETURN TO

SCHOOL With Term holidays approaching and a number of families planning to travel, both overseas and around NZ the school is aware of the threat posed by the swine flu epidemic, particularly the risk posed by travellers returning as potential carriers. At this stage the Ministry of Health's advice is that if staff and students are well and symptom free after returning from an affected area overseas they can return to school and do not need to remain at home for any period after arriving back in Bombay. However this may change in the coming weeks and families need to plan for this possibility. The risk is that if an infected student returns to school and is in contact with other students and staff for even a day, the whole school could be closed for a week. The school board asks you to carefully monitor your family's health closely as you return from overseas, or your trip within NZ, and if there are even the slightest flu symptoms, do not send your son or daughter back to school until you have first telephoned to check with your doctor, or alternatively check through the MOH Health line 0800 611 116.

BUILDING PROJECT The old Resource Room is on the removers trailer and will leave the site at midnight. Tomorrow the site will be fenced off and the Building contractor starts on Monday.
