FROM THE GREEN TEAM

Our school has signed up for the McCAIN School Veggie Patches program which helps equip students with invaluable knowledge and hands-on experience that will continue to grow with them well into the future. It's a fun and interactive way to challenge kids to learn more about the world around them.

Not only will students benefit from fresh veggies to turn into delicious meals, they will also discover how vegetables are grown and why it's so important to eat them every day for good health. Every McCAIN frozen vegetable and McCAIN Purely Potato pack purchased will earn our school points towards gardening tools and seeds. You can help us get started by collecting the barcodes from all your McCAIN frozen vegetables and McCAIN Purely Potato packs. Simply cut out the barcodes from your pack and hand them into the office. Thank you for your support.

Alsothe soil has arrived so now we can get our seedlings in and get growing!!! Thanks to **Red Fire Nurseries** for the donation of the soil.
