### MID YEAR REPORTING TO PARENTS

Over the next two to three weeks all of our students will be assessed in Reading, Writing and Mathematics and their results will be discussed in a conference between them and their teacher. The student and their teacher will talk about what has been achieved, what has been done well, and then they will decide on the next learning steps.

The student will, on a conference report, record their results, what they can do well, and their next learning steps which will be presented and discussed with their parents during parent and student conferences at the end of the term.

Our goal as a school community is to have every student reach the National Standards in Reading, Writing and Mathematics by the end of the year. This will be achieved through maintaining quality teaching programmes, providing excellent resources, and continued parental support. Unfortunately, due to different reasons, some students will not achieve this goal. As a school community we must continue to provide relevant learning programmes and support for these students.

27 May 2010

**AWARDS ASSEMBLY** is tomorrow @ 1.45pm in the hall. We have a large number of orienteering certificates to distribute. The Kapahaka group will also perform.
