

Kotuitui Floral Day Entries for Calf Club 2024

Calf Club is being held on Saturday 21 September. On the Friday before this, 20 September, we make floral and craft entries that are judged after school. All children's work is displayed in classrooms on the Saturday for everyone to see.

The following items will all be done at school -

Miniature Garden

Decorated Photo Frame

Table Centrepiece

These will be judged by the criteria listed. Entries for Calf Club must be the child's effort made on floral day.

Miniature Garden - Endangered Animal Habitat

Bring a named baking tray or tin foil oven dishes (rectangular shape is best).

Assortment of bark, stones, moss, plants and other natural materials to make a garden scene (all brought from home).

All sand/dirt needs to be covered. They may make objects to put in their garden at home or bring them. The gardens can only have three plastic objects.

Decorated Photo Frame

Children can choose between decorating an A4 size pre-made frame or they can create a frame out of natural materials. Children will need to bring to school everything they need to build their photo frame. If they need to use a glue gun and you have one at home, please name and send it along as these are limited on the day.

Put a photo in your frame if you have one. It is not compulsory for your frame to have a photo in it.

Table Centrepiece

Children will create a table centrepiece using a variety of materials. The children will need to bring materials from home. Recycled materials and again only 3 store bought items from home. (No store bought flowers please)

Kind regards

Kotuitui Team
